

STUDENT REWARDS

OPTIONAL, ALWAYS

Student rewards are totally optional. Some schools love prizes. Some prefer no rewards at all. You choose what works for your school.

GOOD STUFF, DONE RIGHT

Our rewards focus on quality over gimmicks. Brands kids actually like, prizes that get used, not forgotten. No plastic clutter here, and they are sent from NZ!

MORE MOTIVATION, MORE IMPACT

When schools choose to include rewards, the extra motivation often leads to stronger fundraising overall.

It’s about finding what works best for your school.

SIMPLE TIER SYSTEM

Students work towards clear fundraising milestones, with rewards increasing as they go. It’s easy to understand, and keeps kids engaged without overcomplicating things.

FLEXIBILITY

Jumping June keeps it flexible - giving schools the choice to use rewards as a motivator, or skip them completely.
